

Resources from the Webinar on Remote/Distributed Work

On Universal Design for Learning

- <http://udlguidelines.cast.org/>

On Communication

- We recommend that communication be flat in distributed work.
- The main form of communication is written.
- We have a high need for **clarity**, **quality** and **skill** in written communication.

Matt Mullenweg on [Levels of Autonomy](#)

- You cannot leave the office
- Recreating the office virtually
- Shared google docs to allow synchronous, non-co-located work
- Asynchronous work
- Nirvana
